## COMBINED ATHLETIC SPORTS

## CONDUCT:

1. See General Regulations Governing Sporting Competitions.
2. Athletics is conducted under the rules of the International Association of Athletics Federation (IAAF) and Athletics Victoria unless otherwise stated.
Note:
a. The APS will maintain the two false start rule with a yearly review of the AV Start rule.
b. The APS Athletics Records recognise the best performance in each event and each age group, irrespective of the wind gauge reading, in the APS Heats and Finals.
c. In Long Jump competitors are allowed three jumps each and in Discus and Shot Put competitors are allowed four throws/put each.
3. The Combined Sports shall be held on the second Saturday of Term 4 with any necessary heats being run on the preceding Wednesday. The Junior Secondary Athletics Meet shall be held on the Wednesday morning of the APS Boys Heats.
4. In under age events, competitors shall be under the age if the competitor's date of birth is on or after the first day of November in the year of competition. Boys competing in open events are under 19 years of age on 1 January of the same year.
5. a. A competitor may compete in as many events as the school shall decide but a competitor may not compete in the same event in more than one age group. For the purposes of this event the Heats and Finals are considered part of the same event.
b. All events will start at the advertised time, and no event may be held back because a competitor at the time is competing in another event. A competitor who leaves a field games event to compete in a track event must first obtain permission of the official in charge of the event.
c. Simultaneous events: Having reported to the field event, a competitor may excuse themselves to take part in another event at the same time. Having left the field event, a competitor has 15 minutes from the last competitor completing their final round of that event to return and complete their remaining rounds.
d. If the track program falls behind, the High Jump competition freezes at the current height and recommences when determined by the Executive Officer/Arena Manager.
e. Only adults should be given the role of "spiking" performances (LJ, TJ, DT, SP) both for safety in Shot and Discus and also for accuracy of the event.
6. a. No non-competitor shall be allowed in the arena with a competitor. Any breach of this rule could result in the disqualification of the competitor. (Note: this rule prohibits emergencies coming on to the arena).
b. Any protests must be made in writing through the school Delegate to the Executive Officer of APS Sport.
7. Heats: Boys who compete in the Heats may be replaced in the Finals.
a. A competitor who is disqualified in either heat or final shall be placed last in his division.
b. A competitor has not competed unless he has been in the starter's hands. Should a school not compete in an event, it shall receive no (0) points for that event.
c. In all track events in which Heats are run in all age groups, the Division 1 finalists will be:
i. 1 st \& 2nd placegetters in each Heats;
ii. the next two best times;
iii. competitors who equal the second fastest time in (ii) and cannot be judged slower (by judges or photofinish).
d. When using Meet Manager, circular seeding will be used to allocate competitors into Heats, then the determined lanes allocated for the Division 1 and Division 2 Finals.
8. After Qualifying for Division 1 on Wednesday, a school cannot gain points unless they enter a competitor in the event on the Saturday.
a. Division 1 Finalists race for the first points awarded to the first six places. Other competitors will race in the Division 2 Finals and compete for points allotted to places seventh to eleventh:
b. In the Finals, points shall be awarded as follows:

| 1st | 12 | 2nd | 10 | 3rd | 9 | 4th | 8 | 5th | 7 | 6th | 6 |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
| 7th | 5 | 8th | 4 | 9th | 3 | 10th | 2 | 11th | 1 |  |  |

c. Where there are two finals, i.e., Division 1 and Division 2 points will be awarded in Division 2 finals as for 7th, 8th, 9 th, 10th and 11 th places.

| Division 1: | 1st | 12 | 2nd | 10 | 3rd | 9 | 4th | 8 | 5th | 7 | 6th | 6 |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
| Division 2: | 1st | 5 | 2nd | 4 | 3rd | 3 | 4th | 2 | 5th | 1 |  |  |

d. Any athlete who does not finish or infringes in a Division 2 Final or in the 1500 metres, 3000 metres, 800 metres or $4 \times 800$ metre relay will be awarded 1 point.
e. For Multi Class (MC) events, points awarded commensurate with the number of competitors in each event (i.e. 3 competitors 1 st $=3$ points, 2 nd $=2$ points, 3 rd $=1$ point)
9. Extra stopwatches and timekeepers must be available at the Heats to ensure accurate timing in case the electronic system fails.
10. The numbers against the competitors' names in races indicate the position at the start from left to right for track events, and in field events the order of competing.
11. Relays:
a. In the $4 \times 100 \mathrm{~m}$, runners $2,3 \& 4$ must receive the baton within the 30 m yellow ticked changeover zone in their allotted lane. These runners must start inside the zone. The incoming runner must remain in their lane and not interfere with any other team.
b. In the $4 \times 400 \mathrm{~m}$ relay races, the first lap, as well as that part of the second lap up to the exit from the first bend, will be run entirely in lanes (i.e. 500 metres).
c. The $4 \times 800 \mathrm{~m}$ (as for the 800 m events) will start in lanes with drawn competitors "doubled up" in lanes $3,5 \& 7$ with competitors running in lane order as listed in the program. The first 100 m will be run in lanes and finish at the end of the straight.
d. The baton must be carried in the hand throughout the race. If dropped, it must be recovered by the athlete who dropped it. In all relay races, the baton must be passed within the takeover zone. The passing of the baton is completed at the moment it is in the hand of the receiving athlete only. Within the takeover zone, it is only the position of the baton which is decisive, and not the position of the body or limbs of the competitors.
f. Relays run in lanes

Competitors after handing over the baton should remain in their lanes to avoid obstruction to other competitors. Should any competitor wilfully impede a member of another team by running out of position or lane at the finish of their leg, they are liable to cause the disqualification of their own team.
g. Relays running in inside lane Incoming runners must try not to impede outgoing runners and must move out of the way quickly.
h. Assistance by pushing off or by any other method will cause disqualification.
12. High jump:
a. Starting heights shall be as follows and then as the judge decides:

| Open | 1st Jump | 1.65 m | 2nd Jump | 1.70 m |
| :--- | :--- | :--- | :--- | :--- |
| U17 | 1st Jump | 1.60 m | 2nd Jump | 1.65 m |
| U16 | 1st Jump | 1.50 m | 2nd Jump | 1.55 m |
| U15 | 1st Jump | 1.40 m | 2nd Jump | 1.45 m |
| U14 | 1st Jump | 1.35 m | 2nd Jump | 1.40 m |

b. The second jump height in the High Jump competition for all age groups will be a 5 cm increment. Subsequent increases will be at the discretion of the AV Officials running the event.
c. An athlete winning the high jump may have three more attempts (within the rules of jumping) at any heights they may choose. If they should break the record, they may have further attempts at a higher level.
d. If the track program falls behind, the High Jump competition freezes at the current height and recommences when determined by the Executive Officer/Arena Manager.
13. Triple Jump: Take-off board will be marked at 8, 9, 10 and 11 metres.
14. Hurdles, Discus, Shot Put, AAU Specifications

## ORGANISATION OF APS LEAD UP MEETS:

The following instructions regarding responsibilities for host schools of lead up meetings:

- Confirm with the APS Office the programme for the meeting and discuss any possible changes before the Program is circulated.
- Prepare and provide Field game recording sheets, folders and pens.
- Contact the Venue Management prior to the meeting to establish which equipment is/is not provided by the track and confirm gate opening details.
- Liaise with the Venue Management on the day and arrive well before the meeting to ensure distribution of equipment and organisation of the meeting.
- Informing competing schools of equipment needed to be brought by each school.
- Marshall and starting of all track events.
- Provide announcements over the PA for the efficient running of the programme.
- Provide starter, starting pistol and caps for the meeting.
- Copy and distribute completed Field games results to all competing schools in the week following the meeting."
- The APS Office will arrange for the Finals Day Field Referee to attend the last lead up meet to instruct school officials on the correct conduct of events.

## TO COACHES

## Combined Sports

1. The entrances to the arena are at Gate 1 (Albert Road) corner of the ground.
2. Warm-up: Once the meet has commenced all warm ups including hurdles will be conducted on the outside Warm Up facilities at Lakeside Stadium. They must not be on the circular track when any races are about to start. Emergencies and coaches are not allowed on to the arena.
3. Uniform: Athletes must compete in the correct school approved uniform. School approved athletics shorts may be of a loose-fitting and/or tight fitting style. Compression garments may be worn as a base layer with school approved shorts over the top. Compression garments, where worn, should not have visible trademarks or logos. Competitors should not wear any emblem on their tracksuits except the usual school badges. Please try to stop the use of football jumpers and other coloured tracksuits.
4. Competitors must report at the start for their race, on time. The event will normally be called five minutes before the due starting time. There is no marshalling area.
5. Spikes -9 mm running track and 12 mm high jump.
6. Starting blocks: Schools may use their own starting blocks or use the ones provided by the venue.
7. Re-starting: Would you please warn your athletes that they must remain steady while in SET position. They will be held for about two seconds before the gun is fired.
For sprint events - a crouch start must be used for $100 \mathrm{~m}, 200 \mathrm{~m}$ and 400 m events, including the first leg of the $4 \times$ 400 m relay. This is an international rule introduced a few years ago.
8. Relays: After the warm-up, practice the changes on the track. Chalk marks or powder only may be used - do not scratch the track. Report to the changeover point when the event is called.
9. Only the official batons are to be used in the relay races, but schools are to provide their own batons for warming up.
10. Lanes: The inside lane is not used for the $200 \mathrm{~m}, 400 \mathrm{~m}, 800 \mathrm{~m}$ and $4 \times 100 \mathrm{~m}$ relays so the school which drew number one lane will be in number two, etc. The lane each school has drawn is the lane shown on the programme.
11. Incoming relay runners must move quickly out of the way of other competitors. Usually this is off to the inside of the track.
12. The photo finish camera and electronic scoreboard will be used for official times and places.
13. Banners, trumpets, drums etc., are not to be brought into the ground or used.

## ATHLETICS [continued]

## TRACK MARKINGS IN USE AT LAKESIDE STADIUM, MELBOURNE

The IAAF Technical Committee, in conjunction with a leading track marking firm, has produced an international standard scheme for marking synthetic tracks. The colours have been chosen after consulting IAAF member Federations and selecting the markings which (a) were in most common use, and (b) would prove most effective in clearly showing up on the coloured track. These have been adopted at Lakeside Stadium.

The colour code is:

1. Full white mark - start of all events except 800 m and $4 \times 400 \mathrm{~m}$ relay.
2. Start 800 m where lanes are used - green centre, white each end.
3. Start $4 \times 400 \mathrm{~m}$ relay - blue centre, white each end.
4. $4 \times 100 \mathrm{~m}$ relay changeover zones - yellow markings thus:
Start $\qquad$ / Finish $\qquad$ 1 are located at 200 m start area. Full blue lines 10 m either side 200 m line - 3rd changeover zone.
5. $4 \times 200 \mathrm{~m}$ relay changeover zone - blue markings thus:

Start $\qquad$ / Finish $\qquad$ 1
are located at 200 m start area.
Full blue lines 10 m either side of 200 m lines - 3rd changeover zone.
6. $4 \times 400 \mathrm{~m}$ relay changeover zones - blue markings thus:
Start___ / Finish____ /
also for $4 \times 200 \mathrm{~m}$ 2nd changeover zone.
Full blue lines 10 m either side of finish - 2nd and 3rd changeover zones.
7. Acceleration marks - orange marking - $90 \%$ across lane with small areas left open at either side - used for $4 \times 100 \mathrm{~m}$ relay and $4 \times 200 \mathrm{~m}$ relay. There are two sets of these at the 200 m start. One set is used for $4 \times 100 \mathrm{~m}$ relay. The other set for $4 \times 200 \mathrm{~m}$ relay. At the 400 m start there is one set for both $4 \times 200 \mathrm{~m}$ relay 2 nd change and $4 \times 400 \mathrm{~m}$ relay 1 st change.
8. Hurdle positions for 100 m - small yellow squares at either side of the lane (front and back straight).
9. Hurdle positions for 110 m - small red squares at either side of the lane (front and back straight).
10. Hurdle positions for $400 \mathrm{~m}-$ small green squares at either side of the lane.
11. Hurdle positions for 90 m - small white squares at either side of the lane (front straight only).
12. Hurdle positions for $80 \mathrm{~m}-$ small black squares either side of the lane (front straight only).
13. Steeplechase - barrier positions marked in Lanes 1 and 3 only - large white square on left hand side of the lane.
